

ENVIRONMENTAL POLICY

First Farms

I. PURPOSE OF THE POLICY

- Get a united codex that describes how FirstFarms relates to and acts upon environmental impact.
- Secure that FirstFarms' employees are familiar with and understand the company's approach to environmental issues.
- Ensure that decisions made in the company take environmental considerations into account and are in line with defined policy.
- Introduce FirstFarms' approach to the reduction of environmental impact to the interested parties.

II. SCOPE OF THE POLICY

- This internal policy is introduced to all employees and is available at the headquarters of each company in the FirstFarms group and at FirstFarms' corporate webpage.
- The provisions of this policy are valid for all the companies in FirstFarms group (Appendix 1) until new modifications.

III. KEY PRINCIPLES

FirstFarms is a Danish public limited company, which acquires and manages agriculture in Eastern Europe. Based on professional management and best practice, we acquire, develop and operate business in the area of agriculture and food products. FirstFarms approves the development towards a more sustainable agriculture.

FirstFarms is a responsible company. We are fully aware of the great responsibility it is to run a modern and efficient agricultural enterprise. We believe that we cannot run our business without taking care of our environment, our employees, our animals and involvement in local communities.

We are aware that our operations have an impact on the climate and environment. Therefore, we are striving to reduce our climate and environmental impact while adapting our business to climate changes. In FirstFarms, we believe, that healthy economy together with responsible and effective usage of resources are interconnected with sustainable production and reduction of the environmental impact from our operations.

In our approach to the sustainable transition, we are striving to:

- Continuously improve our environmental performance;
- Present credible environmental performance to our stakeholders;
- Strengthening the organisational engagement in improvement of our environmental performance;
- Engage in a dialogue with our stakeholders on the environmental issues.

FirstFarms strives to reduce environmental impact through:

- Improving reutilisation of the resources;
- Reducing waste;
- Improving water efficiency;
- Improving of energy efficiency of our operations;
- Improving of feed efficiency;
- Continuous optimisation of pesticides and fertilisers consumption per unit produced;
- Improving organic matter of soil and soil quality in general;
- Improving handling of chemicals;
- Improving handling of manure.

Furthermore, FirstFarms complies with all applicable legal and regulatory requirements in the environmental area. We are continuously working on improving of our working procedures in order to reduce risk of environmental accidents in our operations.

This internal policy enters into force and effect on all companies from the FirstFarms group.

In Billund, on February 2021

.....
Anders Holger Noergaard
